Rules

- If the team lands on a property, the team answers a question. If they get the question correct, they get that property. If they get it wrong, the next team takes their turn.
- If the team lands on the Safety Share, the person who rolled the dice gets to give the class a safety share. Safety shares can only be given once, no repeats.
- If the team gets sent to MSHA, they must answer a question correctly on their next turn to get out.
- If the team lands on the Mines logo, the person who rolled the dice gets to share a “New to You” moment from throughout the course.
- If a team lands on a property that is owned by another team, they can elect to roll again or answer a question. If they get the question correct, they acquire that property from the other team.
- If a team lands on their own property, Just Visiting MSHA or GO, they skip the question and the next team takes their turn.
- The team with the most properties at the end of the game wins. In the event of a tie, property values are added up and the one with the highest value wins.
